

- Due to the intricate contour detail in some areas, a 1:7500 scale map has been used for all courses. This unfortunately means there is no room for a key of the symbol. However, only standard IOF symbols are used.
- Where there is more than one distinctive tree close together this is normally mapped as a small area of white wood, rather than multiple distinctive trees
- The area will also be used for training by the South West Junior Squad. They will be putting out a few extra kites, some of which may not have a SI box on them.
