

APRIL 2026 MAPRUN

Here are the Instructions for the first of this year's Mapruns.

It is based around Mundeford and Stanpit on the eastern edge of Christchurch.

There is usually free parking at Mundeford Wood Community Centre on Piper's Drive BH23 4TR. It is sign posted but takes you through a housing estate where you need to keep your wits about you.

There are two map options available:

- 1:5500 (1 page A4)
- 1:4000 (1 page A3 or 2 x A4 with some overlap)

Control descriptions are not on the map. Loose descriptions are on the second page of this document.

1 hour score – 25 controls – 500 points

Normal running shoes should be ok as it is nearly all on pavements and alleyways. Please be courteous to any people you come across while you are running as we do go through housing estates and by houses and gardens.

Please also take care when crossing roads as although they are not A roads traffic can move fast particularly along De Havilland Way, Mundeford Lane, Mundeford and Bure Lane.

There is an interesting Information Board near the Pillbox which you may wish to visit before or after your run which gives information about the past life of this area.

Enjoy.
